

# Public Funds Certificate of Deposit (CD)

Information is current as of March 7, 2025.

This disclosure only summarizes the features of this account and are subject to change. We will notify you in advance of any changes as required by law. For additional terms governing your account, please see the **Deposit Account Agreement** and the **National Bank of Arizona Business Accounts Schedule of Fees** by visiting any branch or online at [www.nbaz.com](http://www.nbaz.com).

Account Opening and Renewal	
Minimum Deposit Needed to Open Account	Certificate of Deposit (CD): <b>\$1,000</b> Jumbo Certificate of Deposit (CD): <b>\$100,000</b>
Automatically Renewable	Your CD will renew automatically at maturity for a similar period unless we send you notice of nonrenewal. We will send a notice before maturity to provide you with an opportunity to prevent renewal during the grace period.
Grace Period	Your grace period is ten (10) calendar days beginning on the date of maturity or three (3) calendar days beginning on the date of maturity if the term of your certificate is 31 days or less.
Account Changes	Changes to the account are only allowed during the grace period. If you wish to change the term of your CD, you will need to close your existing CD and open a new CD with the desired term.
Deposits	After the account is opened, you may not make a deposit into the account until the maturity date. You may make an additional deposit on the maturity date and during the grace period.
Interest and Payment	
Fixed Rate	Your disclosed interest rate will not change until the CD renews at first maturity.
Interest Compounding	Daily
Interest Information and Term	See the separately provided “ <b>Time Deposit Confirmation</b> ” for interest rate, annual percentage yield, and the CD’s maturity date and term.
Interest Payment	Interest will generally be paid monthly, quarterly, or at maturity.  See the separately provided “ <b>Time Deposit Confirmation</b> ” for details on your interest payment frequency.
Annual Percentage Yield (APY) Calculation	The term APY means a percentage rate reflecting the total amount of interest on an account based on the disclosed interest rate, the frequency of compounding for a 365-day period, and the assumption that interest paid remains in the account. A withdrawal will reduce earnings.
CD Withdrawals	
Early Withdrawal Penalties	Early withdrawal/closure penalties may be assessed when principal is withdrawn from a CD prior to the maturity date.
Penalty Calculation	The early withdrawal penalty is calculated based on the interest rate paid on your CD at the time of withdrawal and the length of your CD term. The penalty applies regardless of the length of time the funds have remained on deposit. The early withdrawal/closure penalties may affect the principal of the CD.

## CD Withdrawals Continued

Penalty Calculation Continued	<p><b>CD Terms 31-days or less:</b> The penalty assessed is equal to all interest the principal withdrawn would have earned for the entire term of the CD.</p> <p><b>CD Terms 32-days to 1-year:</b> The penalty assessed is equivalent to <b>90 days</b> interest earned on the amount of principal withdrawn.</p> <p><b>CD Terms Over 1-year:</b> The penalty assessed is equivalent to <b>180 days</b> interest earned on the amount of principal withdrawn.</p> <p>Penalty may be waived if a depositor dies, is declared incompetent, or for other reason at our sole discretion.</p>
Principal Withdrawals	You may make withdrawals of principal from the account before maturity. However, principal withdrawn before maturity is included in the amount subject to early withdrawal penalties. A withdrawal may be made on the maturity date or during the grace period without penalty.
Interest Withdrawals	For CDs whose interest remains on deposit, interest may be withdrawn at any time during the term after it has been paid. Interest may also be withdrawn at maturity or during the grace period. After the grace period, interest not withdrawn will become principal and any withdrawal of those funds prior to the next maturity date will be subject to early withdrawal penalties.

## Transaction Processing

Deposit and Withdrawal Posting Information	<p>Transactions are posted chronologically throughout the business day, whether they are deposits (credits) or withdrawals (debits), in one of two ways:</p> <ol style="list-style-type: none"> <li>(1) In-branch transactions, digital banking transactions, ATM transactions, wires, and Point-of-Sale PIN-based debit card transactions are immediately posted to the Bank's processing system at the time they are conducted;</li> <li>(2) Point-of-Sale signature-based debit card transactions, Automated Clearing House (ACH) transactions, "federal in-clearing checks" (checks drawn on your account but deposited at another bank), remotely deposited checks, lockbox transactions, and transactions processed by a Division of Zions Bancorporation, N.A. other than the Division that holds your account) are first grouped into batches of like transactions then posted at regular intervals (usually hourly).</li> </ol> <p>Both ways of Real Time Processing pause at an End-of-Day Cutoff Point but resume the following business day. Interest is calculated and balances are determined (including balances for statement purposes, the Available Balance, any Overdrafts, or Insufficient Funds), at the End-of-Day Cutoff Point. For more details see your <b>Deposit Account Agreement</b>.</p>
